

YOUR PARTNER
FOR GERMAN CAR
REGISTRATION
ACROSS EUROPE

UNIAR SYSTEM

We are an independent company offering German car registration service with our bespoke Uniar System planning.

We specialise in creating competitive Uniar System solutions for corporate and private clients who wish to acquire high value vehicles.

These vehicles are delivered as per the clients' specifications with German license plates and full insurance coverage.

UNIAR WHO FOR?

PHYSICAL PERSON

Invoices will be issued in accordance with the European tax system.

LEGAL ENTITY

UNIAR will issue invoices under the VAT exemption regime, the Reverse-Charge procedure.

The company shall be registered in the VIES (European VAT) electronic data base and shall submit the INTRASTAT Supplementary Declaration.

UNIAR ADVANTAGES

You select the car and the specifications as well as the dealer where UNIAR will purchase the car.

UNIAR enters into the negotiation only upon your request.

Service terms range from 24 to 48 months, with the possibility of early termination without penalty.

A tailor-made Uniar System plan is offered based on your individual requirements.

Monthly fee to include all running costs associated with the contract.

Cost effective management of a fully comprehensive Insurance policy with a leading German company.

Our Administration and Claims Management department will work to protect your interests.

Upon termination of the contract the car can be purchased or sold. A mutual agreement will be reached to ensure any funds are dealt with in the most efficient way.

Registration with German number plates.
